ONLINE e-COURSE

BY HVA AMSTERDAM, HS KEMPTEN AND St. PETERSBURG STATE UNIVERSITY of ECONOMICS

Explore the landscape
of Sustainable Innovation and Entrepreneurship

EXPLORE THE LANDSCAPE OF SUSTAINABLE INNOVATION AND ENTREPRENEURSHIP

WHAT IS THE SUSTAINABLE INNOVATION BOOT CAMP?

The Sustainable Innovation Boot Camp applies Design Thinking and Innovation practices in the field of Entrepreneurship. With an emphasis on entrepreneurial ideas which support sustainable development goals.

Participants on the 6 week course, will have the unique opportunity to explore sustainable innovation and business-related models. To collaborate creatively, think about new technologies and apply design thinking techniques to come up with entrepreneurial solutions, for specific problems or challenges they would like to help solve in the world. During six weeks, distinguished lecturers from different countries will tutor and coach students from around the world in an intensive on-line study program. Participating students can earn 3 ECTS in the Innovation Boot Camp.

The Innovation Boot Camp virtual learning process, is a combination of online tutoring, self study, coaching and practical assignments. The assignments allow individuals to evolve their own thinking through co-creation with others, as well as develop their own capabilities and self-reflection.

The Sustainable Innovation Boot Camp is a collaboration between Hogeschool van Amsterdam (HvA), The Netherlands, Knd the Hochschule Kempten, Germany and and St. Petersburg State University of Economics Russia.

“The creative adult is the child who survived.”

- Ursula Le Guin

THE BOOT CAMP PROGRAM IN A NUTSHELL

e-COURSE OVERVIEW

BOOT CAMP PRE-WORK

Introductory assignments to be completed before kick off session.

BOOT CAMP ONLINE COURSE (6 WEEKS)

The Sustainable Innovation Boot Camp kicks off with an Ideation phase in relation to entrepreneurial innovation. Participants will generate ideas and pitch them at an ideas market.

Participants will form diverse teams and develop their innovation project each week, applying the principles of Design Thinking. Teams learn how to define and clarify their problem – solution fit in relation to their target audience. How to develop prototyping practices to validate their problem – solution analysis, and how to pitch their ideas with impact .

There will be a focus on sustainable innovation and how to connect to bigger goals. Teams will explore how to position their ideas in a viable business model. Develop a systematic approach to problem solving, via User-centered Problem Solving, Creative Ideation, Innovative Business Modelling and Design Thinking techniques.

POST COURSE WORK

Teams will review final pitch designs and provide learning reflections on the process of creating these. How they took their innovation idea through a 5 challenge Start-up Academic Seed Accelerator Program.

MAKING NEW FRIENDS, AND SHARING EXPERTISE

EXPANDING HORIZONS

INTERNATIONAL CONTEXT

The Boot Camp is designed to provide international networking opportunities for students using online creative collaboration tools. Building global learning networks will create long term value for those joining the program. The Bootcamp is organized by partner schools from Germany, The Netherlands and Russia.

The aim is to create a group of 30 participants with different nationalities, education backgrounds, and expertise. Half of this group will be students from outside this partner school collaboration, so the group will also consist of participants from other (overseas) countries.

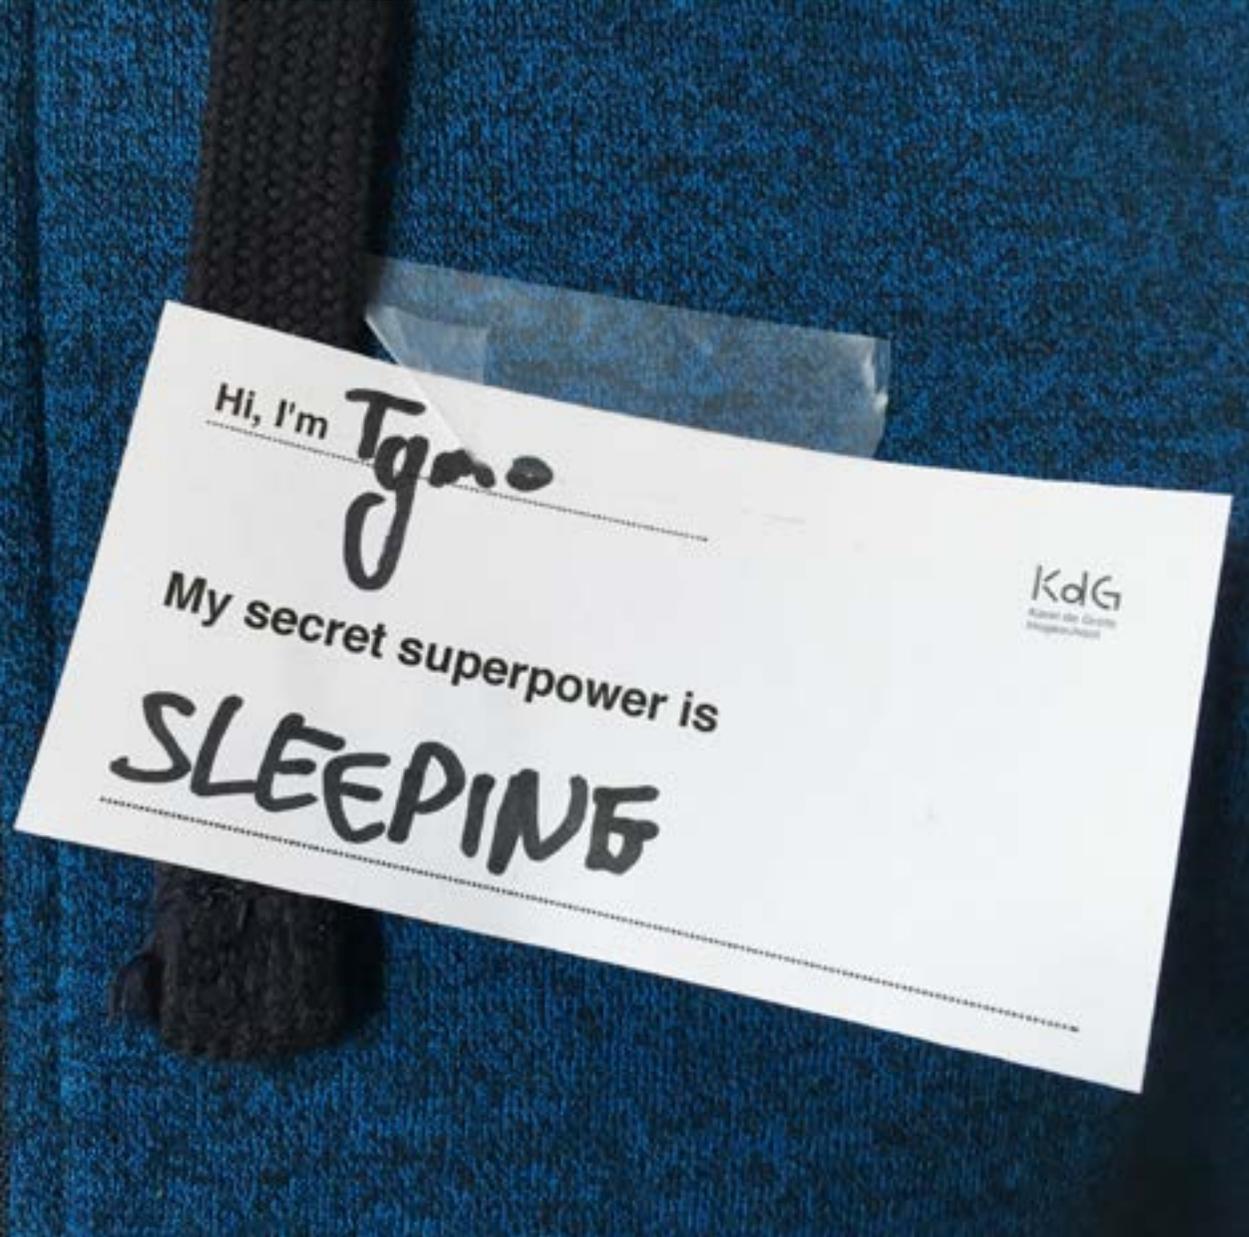

Applications are treated on a first come first serve basis. If you would like to take part in this Online Boot Camp, please do not hesitate to apply for your spot.

REMOTE BUT REAL INTENSE COLLABORATION

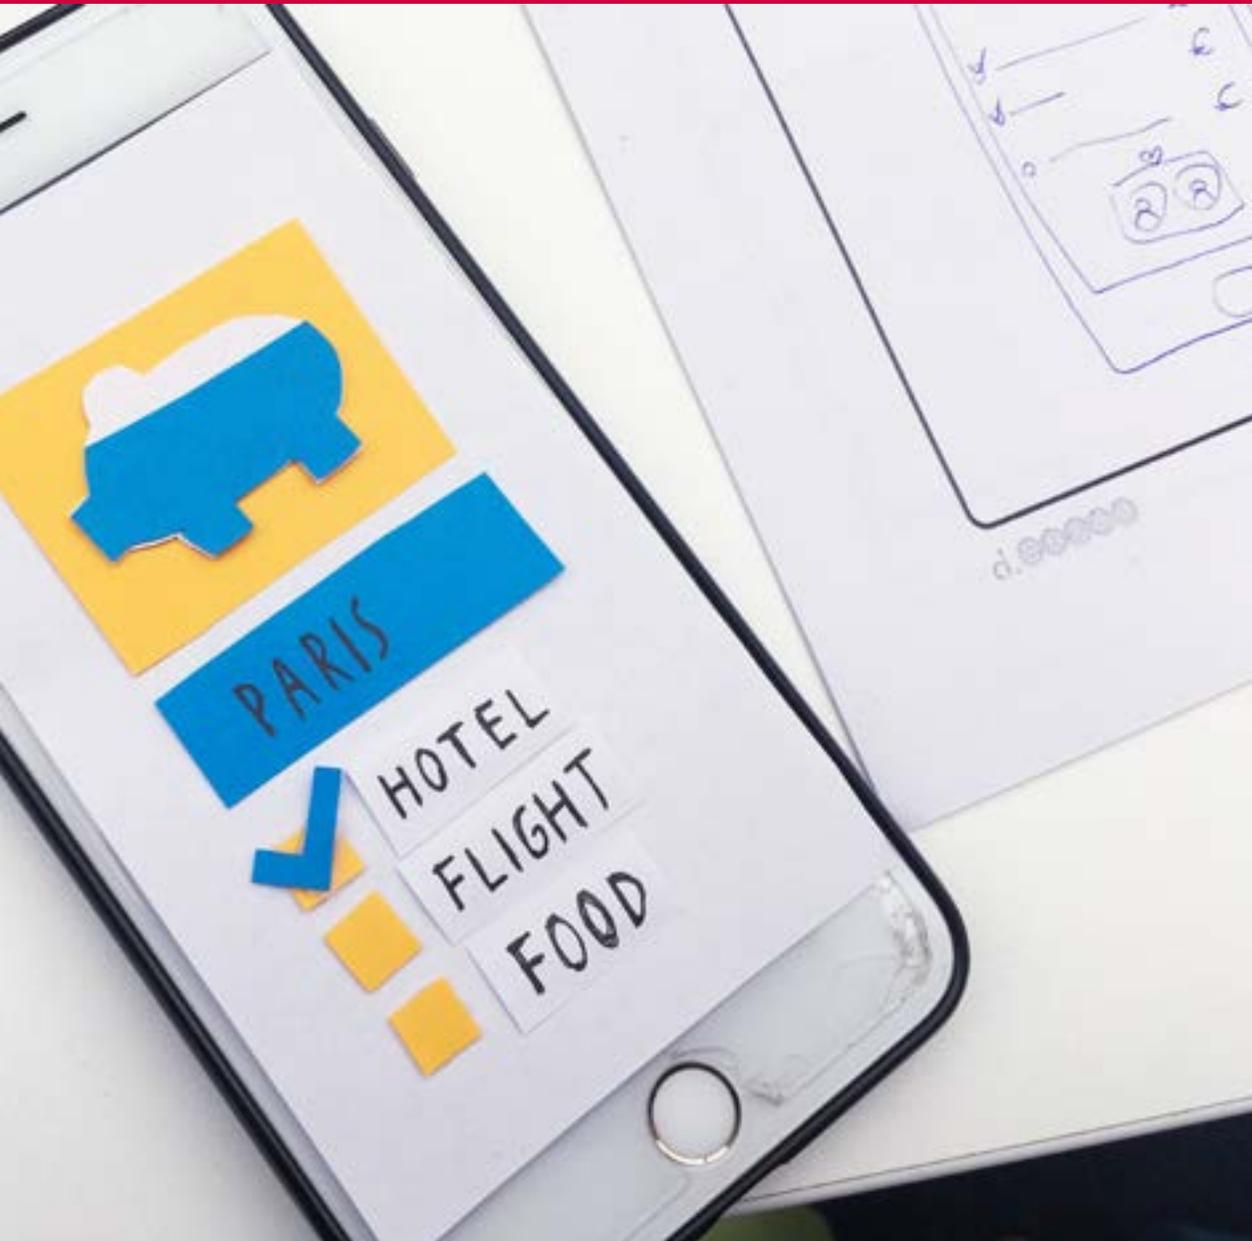

This Boot Camp is held in the form of an e-course because we want to give every student worldwide the opportunity to attend an experience with other international students.

Global on-line learning opportunities overcome the uncertainties and boundaries that the COVID-19 has introduced to international student exchange and collaborations.
